## Webex Workshop Application

---

### *Section F - Tell Us About Your Participants*

Workshops are strictly limited to a maximum of 20 participants. We limit our workshops to 20 to ensure a good training experience for the participants with significant hands-on support, and a manageable sized group for the trainer.

How many people will be attending? \_\_\_\_\_

Please describe the participants in terms of grade levels and content areas they are responsible for as well as job titles (Regular Ed; Special Ed Teacher; Paraprofessionals; AT Consultant, Information Technology).

---

---

---

What can you tell us about the skill levels(s) of your participants with Kurzweil 3000 and with computers in general?

---

---

---

---

Are there any topics of particular interest from the workshop syllabus that our instructor should be aware of?

---

---

---

## Webex Workshop Application

---

### **Section G - Training Lab Equipment Requirements**

#### **General Information**

A detailed form will be sent to your Technical person with specific information and requirements for the training lab once the workshop has been scheduled.

What operating system is installed in the lab?

- Windows Computer Lab     Macintosh Computer Lab

How many computer stations are available in the lab? \_\_\_\_\_

#### **The training lab requires:**

- Speaker phone for conference call with the trainer
- Trainer computer projected at the front of the room – this will connect to the webex meeting
- 1 Computer for each participant
- Speakers or headsets for each computer
- High speed internet access on each computer
- At least 1 scanner in the room, *not* connected to the trainer computer
- Kurzweil 3000 Color Professional or Classroom Suite installed on each computer (may require loaner software or demo install)
- Latest software patches installed
- Trainer informed of where teachers normally save their files
- Set up Webex practice session with trainer at least five days before the training

If you are running Kurzweil 3000 v12 Web License, your lab will also require:

- VPORT setup complete with all teacher logins and classes
- Provide login information for all teachers attending the workshop (login name/password)
- Teacher-level login for CLT Trainer (login name/password)

### **Section H - Training Lab Equipment Requirements:**

Do your training lab computers meet or exceed the minimum system requirements for the software found on our website?

Kurzweil 3000: <http://www.kurzweiledu.com/ki-3000-v12-windows-system-requirements.html>

or

Classroom Suite: [http://www.intellitools.com/resource\\_systemreq\\_classroom\\_suite.html](http://www.intellitools.com/resource_systemreq_classroom_suite.html)

**The instructor will need the following equipment.** *Please check the items you can provide.*

- Instructor computer station that meets all of the computer lab specifications
- Computer projection device with 1024 X 768 min resolution and projection screen - **Required: LCD Projector or Interactive Whiteboard**
- TWAIN-compatible scanner and scanner driver software (for Kurzweil trainings)
- External speakers
- MS Office (Word, Powerpoint); Internet access

**Webex Workshop Application**

**Section I – Training Lab Installation and Set-Up :**

It is your responsibility to install all necessary software, training files, and test the installation prior to the workshop. **It is strongly recommended that you install and test the software at least 2 weeks prior to the workshop.**

We can supply loaner software for all lab computers or to supplement your licensed software. It is expected that 20 computers with our software will be available for the workshop.
