

Classroom Suite v4 Foundations: Online Self-Study Workshop

WHAT IS IT?

Classroom Suite v.4 is a unique Response to Intervention tool that combines the power of direct instruction within a flexible tool environment to help students in grades Pre-K through 5 achieve mastery in reading, writing and math.

Classroom Suite provides students with explicit instruction, constructive practice and embedded assessments. *Classroom Suite* includes research-based activity templates that can be used out-of-the-box, or easily customized to meet targeted needs.

WHO SHOULD ATTEND?

This workshop is designed for general and special educators, SLPs, OTs, AT specialists, paraprofessionals and parents who are new to (or have limited experience with) *Classroom Suite v.4*.

WORKSHOP PREREQUISITES

- Familiarity with opening, editing and saving files in a computer operating system.
- Ability to navigate between multiple computer programs.
- Computer with high-speed internet access.
- Computer that meets minimum specifications for Classroom Suite.

GOAL

The goal of the Foundation Workshop for *Classroom Suite v.4* is to enable educators to understand how to use *Classroom Suite* to teach early concepts, reading, writing, and math to students struggling due to learning difficulties or access issues.

LEARNING OUTCOMES

- Given a template, the participants will be able to create a reading or math activity correlated to standards or district curriculum.
- Participants will be able to sequence activities to scaffold the process of learning in reading, writing, and math.
- Participants will be able to integrate Classroom Suite activities into their daily classroom environment.
- Participants will identify the learning strategies incorporated into Classroom Suite and understand how these strategies will help their students have a successful learning experience and achieve higher student outcomes.
