

New Features Update - July 2018

V16.01 (Windows), V16.0.1 (Macintosh) and V15.24 (Windows Web License Subscription Only)

1.

Save a text document in multiple formats to Google Drive from Kurzweil 3000 for Web Browsers (Kurzweil3000.com).

- Click the **Save** button
- Choose **Save to Google Drive**
- Navigate to the folder where you would like to save your file
- Name your file
- Choose a file type in the dropdown list
- Click **Save**

Note - if you are not already logged into your Google Drive account, you will be prompted to login. If you wish to use a different account, click the **Switch Accounts** button to change users.

Lock the Zone Editor feature at user account level.

The Zone Editor has been added to the Miscellaneous Feature Locks tab in User Management.

Team		Feature Locks		Miscellaneous Feature Locks				
Team Size: 7		Total Licenses: 10		Allocated Licenses: 4		Remaining Licenses: 6		Show: 10
Last Name	First Name	Username	Bubble Note Edit	Bubble Note Audible Reading	Speech To Text	Zone Editor	Edit Underlying Text	
<input type="text" value="Search last name"/>	<input type="text" value="Search first name"/>	<input type="text" value="Search username"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Teacher1	KECS	keteacher1	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Student1	Sample	kestudent1	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	

- Login to Kurzweil3000.com
- **My Account > Users**
- My Team should be selected (yellow)
- Go to the **Miscellaneous Feature Locks tab**
- Check the box to lock Zone Editing for specific users

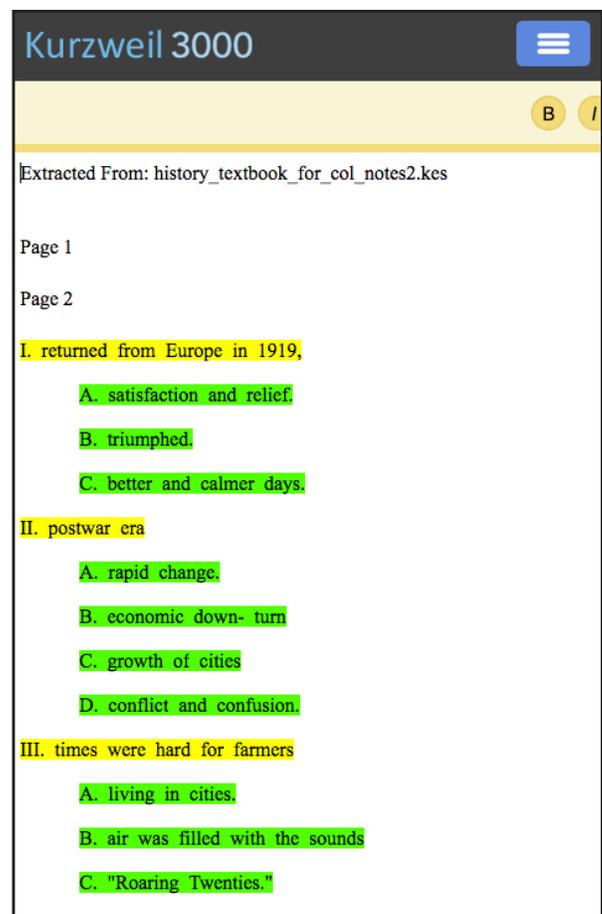

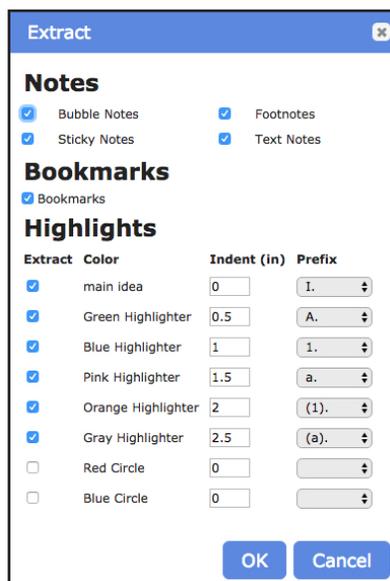

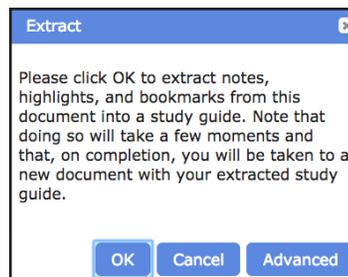

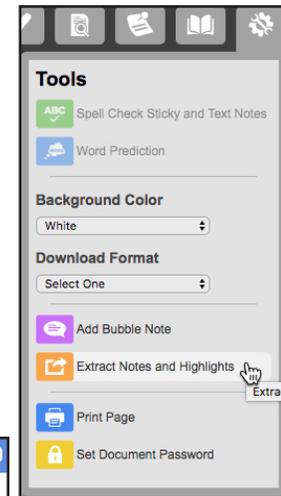

Locking the feature here will lock it in Kurzweil 3000 for Windows and Mac.

When extracting annotations in Kurzweil 3000 for Web Browsers, the original file name appears at the top of the resulting extracted file.

When extracting annotations, the name of the original file will appear at the top of the extracted file in addition to the page numbers where the annotations were located.

Once you have annotated a file you are reading:

- Click the **Tools dropdown**
- Choose **Extract Notes and Highlights**
- Click **OK** to accept default settings
or
- Click **Advanced** to choose what annotations to extract

Bibliography button available in Kurzweil 3000 for Macintosh.

New Users

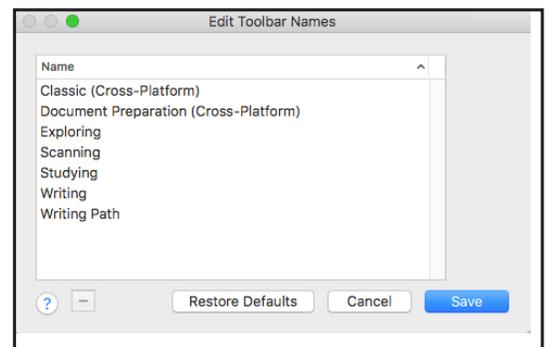

The **Create Bibliography button** is on the **Writing Toolbar**.

Existing Users who have not customized any toolbars

You will need to restore default toolbars.

- **View > Edit Toolbar Names... > Restore Defaults**

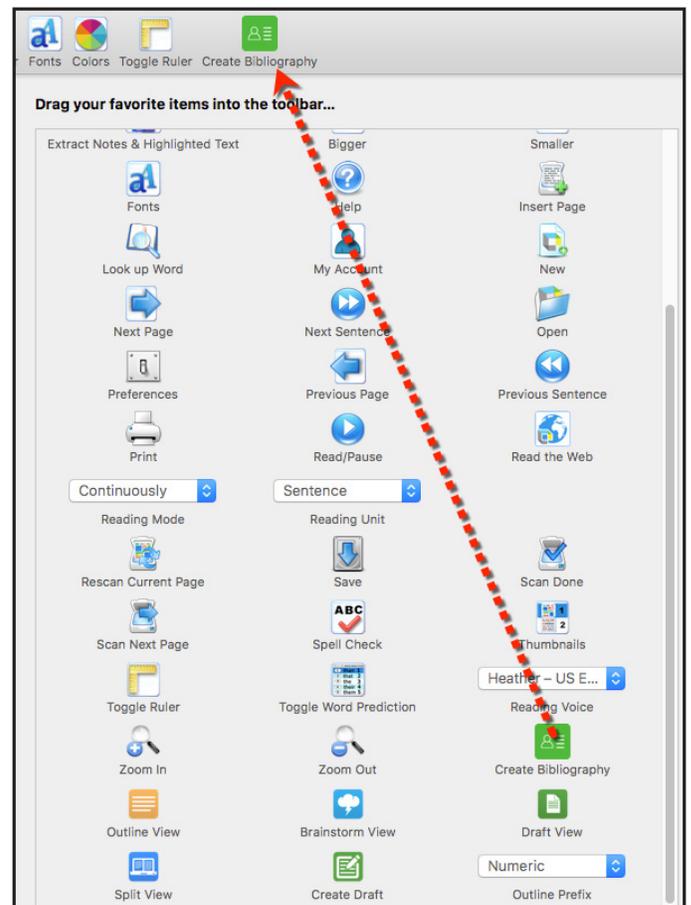

The **Create Bibliography button** will be added automatically to your **Writing Toolbar**.

Existing Users who have customized toolbars

You will need to add the Create Bibliography button to your toolbar.

- **View > Customize Toolbars...**
- Scroll to the bottom of the list of buttons.
- Drag and drop the **Create Bibliography button** to the toolbar.
- Click **Done** and choose to create a new toolbar or overwrite the existing one.

5.

Getting Started Guides added to Product Guides on KurweilEdu.com and online Help section.

Getting Started Guides are available with the Product Guides on our website:

<https://www.kurzweiledu.com/products/product-guides.html>

and in Kurzweil 3000 for Web Browsers online Help (Web License Subscription only):

<https://www.kurzweil3000.com/help.html>

The screenshot displays the Kurzweil 3000 website interface. At the top, there is a navigation bar with the logo 'kurzweil3000' and links for 'Home', 'My Account', and 'Help'. Below the navigation bar, the page is organized into two columns: 'Help Documents' and 'Videos'. The 'Help Documents' column lists various guides, including 'Getting Started Guides' (with sub-links for Windows, Macintosh, Web Browsers, and Read the Web) and 'Using Kurzweil 3000 for Web' (with sub-links for Overview, My Account, User and License Management, Usage Reporting, iPad app User Guide, Classic Literature Guide, and Non-Fiction Bookbag Guide). The 'Videos' column lists 'Installing Kurzweil 3000', 'Managing Kurzweil 3000', 'Using Kurzweil 3000', and 'Accessing Content'. A secondary window or overlay is shown in the foreground, titled 'PRODUCT GUIDES', which highlights the 'Getting Started Guides' section. This section lists four guides: 'Kurzweil 3000 for Windows', 'Kurzweil 3000 for Macintosh', 'Kurzweil 3000 for Web Browsers (kurzweil3000.com)', and 'Read The Web'. A mouse cursor is positioned over the 'Getting Started Guides' link in this overlay. At the bottom of the overlay, it indicates 'Kurzweil 3000 for Windows Version 16'.

6.

Kurzweil 3000 for Windows V15.24 (Web License Subscription only) can create and open bubble notes with images created in V15.24, V16 and Kurzweil3000.com.

Important Note:

Bubble Notes created in Version 15.24 or later of Kurzweil 3000 web license edition should not be used with older versions or non-web license editions as unexpected loss of data may occur.
